## Scope

The IADIS e-Commerce 2004 conference is a major international event for researchers, academics, industry specialists, practitioners & students interested in the advances in, and applications of, e-Commerce. The participants will have an opportunity to present and observe the latest research results, and ideas in these areas. This conference aims to cover both technological as well as non-technological issues related to this new business paradigm.

The Conference invites proposals from the introductory through advanced level on all topics related to e-Commerce. Proposals which address the theory, research and applications as well as describe innovative projects are encouraged. All papers submitted to this conference will be peer reviewed by at least two members of the International Scientific Committee.

Acceptance will be based primarily on originality, significance and quality of contribution.

## Location

The conference will be held in Lisbon.

The capital of Portugal since its conquest from the Moor in 1147, Lisbon is a legendary city with over 20 centuries of History.

Lisbon, also Known as the "town of seven hills", due to its excellent location, washed in the west by the Atlantic Ocean, offers a moderate climate.

Lisbon is one of the European capitals where night is enjoyed to the full. The riverside, with its wealth of pavement cafés, bars and discos or in the more traditional Bairro Alto, have a drink and a dance. In the Alfama and Bairro Alto, listen to fado, songs from Portuguese soul, played here in the Lisbon style.
