## Topics of Interest

- Collaborative Learning
- Computer-Mediated Communication
- Cyber Law
- Data Mining
- Digital Regions
- E-Business Models
- E-Commerce Economics
- E-Economy
- E-Government
- E-Healthcare
- E-Learning
- E-Marketing
- E-Publishing and Digital Libraries
- Electronic Data Interchange (EDI)
- Extensible Languages
- Evaluation and Assessment
- Global Tendencies
- Human Computer Interaction
- Information Retrieval
- Information Society Case studies
- Intelligent Agents
- Intelligent Systems
- Knowledge Management
- Learning Communities
- Multimedia
- Payment Systems
- Privacy Issues
- Protocols and Standards
- Security Issues
- Storage Issues
- Tele-work
- Ubiquitous Computing
- Virtual Communities
- Virtual Organisations
- Virtual Reality
- Wireless Communications

## Details of Contributions

Contributions may be submitted in the following formats:

**Full Papers** - These include mainly accomplished research results and have 8 pages at the maximum (5,000 words).

**Short Papers** - These are mostly composed of work in progress reports or fresh developments and have 4 pages at maximum (2,500 words).

**Posters / Demonstrations** - These have one page at the maximum (625 words) besides the poster itself (or demonstration) that will be exposed at the conference.

**Tutorials** - Tutorials can be proposed by scholars or company representatives. A proposal of maximum 250 words is expected.

**Panels** - Discussions on selected topics will be held. A proposal of maximum 250 words is expected.

**Invited Talks** - These will be made of contributions from well-known scholars and company representatives. An abstract will be included in the conference proceedings.

**Doctoral Consortium** - A Doctoral Consortium will discuss in group, individual projects and on going work of PhD students. Prospective students should send a report of their PhD projects and work so far with a maximum of 4 pages (2500 words).

All submissions, except invited talks, are subject to a blind refereeing process.

## Proceedings

The conference proceedings will be published both in a book and CD-ROM. Selected papers will be invited to submit extended versions of the papers to the IADIS International Journal of the Information Society.

## Scientific Committee

**Conference & Program Co-Chairs:** Antonio Palma dos Reis, ISEG - Technical University of Lisbon, Portugal; Pedro Isaías, Universidade Aberta (Portuguese Open University), Portugal

### Committee Members\*:

Akihiro Kashiwara, Osaka University, Japan

Alexandra I. Cristea, Eindhoven University of Technology, The Netherlands

Ashok Patel, De Montfort University, UK

Brent Muirhead, University of Phoenix Online, USA

Brian Smith, Pennsylvania State University, USA

Charles Owen, Michigan State University, USA

Christer Carlsson, Abo Akademi University, Finland

Chrysanthos Dellarocas, Massachusetts Institute of Technology, USA

Chuck Kacmar, Florida State University, USA

Chul-Hwan Lee, Incheon National University of Education, South Korea

Claudia Linnhoff-Popien, Ludwig-Maximilian University of Munich (LMU), Germany

David Hicks, Aalborg University Esbjerg, Denmark

Demetrios G Sampson, Informatics and Telematics Institute, Greece

Derrick L. Cogburn, The University of Michigan, USA

Dirk Deschoolmeester, University Gent, Belgium

Ellen Walker, Hiram College, USA

Gordon Davies, Open University, UK

Gunnar E. Christensen, The Norwegian School of Economics and Business Administration, Norway

Günter Müller, University of Freiburg, Germany

Helen Ashman, University of Nottingham, UK

Ivan Tomek, Acadia University, Canada

Joan Cooper, University of Wollongong, Australia

John Eklund, Access Testing Centre and The University of Sydney, Australia

J. Felix Hampe, University of Koblenz, Germany

Maria Teresa Molino, Consiglio Nazionale Ricerche - IMA, Italy

Martin Wessner, Fraunhofer IPSI, Germany

Mary-Anne Williams, The University of Newcastle, Australia

Miltiadis Lytras, Athens Univ. of Economics and Business, Greece

Mohini Singh, RMIT University, Australia Nitya Karmakar, University of Western Sydney, Australia

Olivera Marjanovic, The University of New South Wales, Australia

Paul Swatman, Deakin University, Germany

Piet Kommers, University of Twente, The Netherlands

Rainer Alt, University of St. Gallen, Switzerland

Roger Debreceeny, Nanyang Business School, Nanyang Tech. Univ., Singapore

Roger Hartley, Leeds University, UK

Ryszard Kowalczyk, CSIRO, Australia

Simeon Simoff, University of Technology Sydney, Australia

Steve Smithson, University of London, UK

Tanja Mitrovic, University of Canterbury, New Zealand

Tanya Castleman, Deakin University, Australia

Winfried Lamersdorf, University of Hamburg, Germany

Wojciech Cellary, Poznan University of Economics, Poland

Ulf Essler, Stockholm School of Economics, Sweden

Vladan Devedzic, University of Belgrade, Yugoslavia

Vladimir A. Fomichov, K. E. Tsiolkovsky Russian State Technological University - MATI, Russia

\* **List not yet complete.**

## Location

The conference will be held in Lisbon.

The capital of Portugal since its conquest from the Moor in 1147, Lisbon is a legendary city with over 20 centuries of History. Lisbon, also known as the "town of seven hills", due to its excellent location, washed in the west by the Atlantic Ocean, offers a moderate climate.

Lisbon is one of the European capitals where night is enjoyed to the full. The riverside, with its wealth of pavement cafés, bars and discos or in the more traditional Bairro Alto, have a drink and a dance. In the Alfama and Bairro Alto, listen to fado, songs from Portuguese soul, played here in the Lisbon style.
