After 23 March 2004

Scope

The IADIS e-Society 2004 conference aims to address the main issues of concern within the Information Society. This conference covers both the technical as well as the non-technical aspects of the Information Society. Broad areas of interest are eGovernment / eGovernance, eBusiness / eCommerce, eLearning, eHealth, Information Systems, and Information Management. These broad areas are divided into more detailed areas (see back).

iadis

international association for development of the information society
