

CALL FOR PAPERS

WWW/Internet 2003

IADIS International Conference

5 - 8 November 2003

Algarve, Portugal

Types of contributions

- Full Papers
- Short Papers
- Posters / Demonstrations
- Workshops
- Tutorials
- Panels
- Invited Talks
- Doctoral Consortium
- Corporate Showcases

Submission Deadline 14 April 2003

Notification to Authors 13 June 2003

**Final Camera-Ready Submission
and Early Registration** Until 27 June 2003

Late Registration After 27 June 2003

Scope

The IADIS WWW/Internet 2003 conference aims to address the main issues of concern within WWW/Internet. WWW and Internet had a huge development in recent years. Aspects of concern are no longer just technical anymore but other aspects have aroused. This conference aims to cover both technological as well as non-technological issues related to these developments.

iadis

international association for development of the information society

Topics of Interest

Topics related to WWW/Internet are of interest. These include, but are not limited to the following areas:

Accessibility	Information Architectures	Technology Innovation and Competitiveness
Adaptive Web Systems	Information Visualization	Technology Management
Collaboration	Intelligent Agents	Technology Strategies
Computer-Mediated Communication	Interfaces	Tele-Work
Data Mining	Internet Services	WWW/Internet Applications
Database Planning and Development	Languages	WWW/Internet Case studies
Digital Libraries and E-Publishing	Metadata	WWW/Internet Impacts
Distributed and Parallel Applications	Multimedia	Web Engineering
E-Business and E-Commerce	Performance Issues	Web Personalization
E-Government	Personalized Web Sites and Services	Wireless Applications
E-Learning	Portal strategies	Ubiquitous Computing
Electronic Data Interchange	Protocols and Standards	Usability
Quality, Evaluation and Assessment	Searching and Browsing	User Modelling
Extensible Languages	Security Issues	Virtual Communities
Global Tendencies in WWW/Internet	Semantic Web	Virtual Reality
Groupware	Storage Issues	XML
Human Computer Interaction	System Integration	
Hypermedia	Teaching and Learning Strategies	

Details of Contributions

Contributions may be submitted in the following formats:

Full Papers - These include mainly accomplished research results and have 8 pages at the maximum (5,000 words).

Short Papers - These are mostly composed of work in progress reports or fresh developments and have 4 pages at maximum (2,500 words).

Posters / Demonstrations - These have one page at the maximum (625 words) besides the poster itself (or demonstration) that will be exposed at the conference.

Tutorials - Tutorials can be proposed by scholars or company representatives. A proposal of maximum 250 words is expected.

Panels - Discussions on selected topics will be held. A proposal of maximum 250 words is expected.

Invited Talks - These will be made of contributions from well-known scholars and company representatives. An abstract will be included in the conference proceedings.

Doctoral Consortium - A Doctoral Consortium will discuss in group, individual projects and on going work of PhD students. Prospective students should send a report of their PhD projects and work so far with a maximum of 4 pages (2500 words).

Proceedings

The conference proceedings will published both in a book and CD-ROM. Selected papers will be invited to submit extended versions of the papers to IADIS Journals and other Journals of interest.

Scientific Committee

Conference Chair - Pedro Isaías, Universidade Aberta (Portuguese Open University), Portugal

Program Chair - Nitya Karmakar, University of Western Sydney, Australia

Committee Members*:

Andry Rakotonirainy, University of Queensland, Australia

Christof Fetzner, AT&T Research Labs, USA

Donald Needham, US Naval Academy, USA

Emilia Mendes, University of Auckland, New Zealand

Frank Wang, London Metropolitan University, UK

Guido Wirtz, University of Münster, Germany

Hans Weghorn, University of Cooperative Education, Germany

James Thong, H.K. University of Science and Technology, Hong Kong

José Miguel Baptista Nunes, University of Sheffield, UK

Kai Jakobs, Technical University of Aachen, Germany

Katy Borner, Indiana University, US

Kristian Hammond, Northwestern University, USA

Luminita Vaslu, Middlesex University, UK

Maggie McPherson, University of Sheffield, UK

Mark Gaynor, Harvard University, USA

Maarten van Steen, Vrije Universiteit Amsterdam, The Netherlands

Martin Gaedke, University of Karlsruhe, Germany

Maytham Safar, Kuwait University, Kuwait

Michael Welzl, University of Innsbruck, Austria

Mikko Siponen, University of Oulu, Finland

Nicola Henze, Institut Für Technische Informatik, Germany

Pascal Felber, Institut EURECOM, France

Peter Martini, University of Bonn, Germany

Piet Ribbers, Tilburg University, Netherlands

Steven A. Demurjian, The University of Connecticut, USA

Thomas Meuser, University of Applied Sciences Hochschule Niederrhein, Germany

Wei Qin Chen, University of Bergen, Norway

Umberto Martini, University of Trento, Italy

* List not yet complete.

Location

The conference will be held in Algarve, Portugal. Algarve is situated in the south of Portugal. The Algarve has something to offer everyone.

Walk through the busy local markets to choose from traditionally- made handicrafts such as matgrass baskets and rugs, beautiful hand-painted pottery and tiles, beaten copperware and intricate bobbin-lace. At night visit one of the many glittering casinos or clubs, or simply sit outside beneath the stars and sample some freshly-caught seafood.

There is much, much more to the Algarve than sun and sea. You can discover the remains of Roman towns, admire cool tiled churches and explore narrow winding side streets. To the west of Algarve lies the dramatic windswept promontory of Sagres - known for its fort, now an emblematic and cultural place, and for being the departure point of Portuguese navigators - and of Cabo de São Vicente, once thought, as it stood on the very edge of the world, to be a meeting place of the gods.
