

## **Editorial**

This is the third issue of the IADIS International Journal on Computer Science and Information Systems (ISSN: 1646-3692).

The IADIS International Journal on Computer Science and Information Systems (IJCSIS) is devoted to fields of Computer Science and Information Systems. More specifically, the Journal focuses on all aspects of Applied Computer Science and Information Systems. The IADIS IJCSIS is a peer-reviewed scientific journal published in an electronic form. The mission of this journal is to publish original contributions in its domain in order to disseminate knowledge amongst its readers and to be a reference publication.

This third issue has extended versions of papers from the IADIS International Conference Applied Computing 2007, hosted in Salamanca, Spain, 18-20 February 2007. The seven papers published in this issue of our journal, have been considered outstanding papers by the reviewers' comments and ratings, which lead them to be invited to be submitted in their extended versions.

The Editors,

Pedro Isaías

Marcin Paprzycki
